

Canada Blooms

April 7, 2010

Dear Lorraine:

On behalf of Canada Blooms: The Flower & Garden Festival, the Garden Club of Toronto and Landscape Ontario, thank you for generously sharing your time and talent with us!

The 14th Canada Blooms was a resounding success! Enthusiastic presentations by speakers such as yourself, on topics like "Creating a Perennial Garden of Continuous Bloom" are practical, informative and are a significant part of what makes Canada Blooms such a unique destination for our visitors. Our education program is one of the best in North America and it's because of support like yours.

Thanks again Lorraine, for changing your presentation time it really helped us with our scheduling problem. Your presentation was well attended and enjoyed by the audience.

Thanks again for making our 2010 Education series one of the best yet at Canada Blooms!

Sincerely,

Gerry Ginsberg
General Manager
